THOOM

Who. . . is this?

Hi, uh, mister frog? I didn't mean to careen into you I just accidentally flung myself across the highway.

Please, please! I just got here. I'm alone. Topsy is after me. A big tree told me to get to the city, but weird things keep happening!

You're just, uh... a new arrival?

Already on Topsy's bad side? Can't say I really envy ya.

Well I got good news and bad.

First, good: I have a gnarly place to hide ya.

Now, bad: It's gonna suck!
